

## DIRECTIONS

### DIRECTIONS TO GENERAL AVIATION CENTER (GAC)

Approaching from Vienna take the highway exit „Airport“, then keep right and turn right onto the Bundesstraße B9 in the direction of „Schwechat“. Approximately 2 miles down the road you can see the General Aviation Center on your left hand side (next to the grey/white striped hangar with a Jetalliance logo). Turn left at that signal.

Sufficient parking possibilities are available in front of the building.
